BORN TO MAKE YOU BOUNCE

A DJ, identified as DJ Singh Meraki, is shown from the chest up, wearing a black t-shirt with a red stripe on the sleeve. He is looking upwards and to the right, with his arms raised in a dynamic pose. The background is a dark, out-of-focus scene of a crowd at a night event, with some people's faces and hands visible in the distance. The overall lighting is dim, with some blue and purple hues from stage lights.

It started with a piece of software in the 5th grade. That was when DJ Singh Meraki first dipped his toes into the world of mixing. Captivated by the art of controlling a crowd's vibe, he spent his college years in Delhi acting as the ultimate host, throwing unforgettable parties. While life initially led him down the path of a hotelier, Meraki couldn't ignore the music forever. In 2020, he quit his job for good to do what he does best: keep the crowd dancing all night long.
